Hello Dave and all,

Please find our quarterly/monthly progress related to the study *Assessing Causality from a Multidisciplinary Evidence Base for National Ambient Air Quality Standards* (Contract 68HERC19D0011/68HERC21F0010).

Also, I received notice that the mod request regarding EPA's receipt of an embargoed copy of the prepublication before public release has gone through. Thanks to everyone who helped push that along.

Thank you for your continued support!

Warm regards,
Samm
